

## Around the Square

We think that of all the recollections of the past Pioneer Days, the picture of Rev. Harley Smith holds all the salient points of human interest.

Seems Father Smith, standing idly by the ferris wheel, was asked to take a young parishioner aloft. He did—only to descend and find another waiting. And then another, ad infinitum, until the good-hearted man passed the best part of the day revolving slowly through the air.

He admits that the terra feels nice and firm.

Our choice for best atmosphere-provider and chuckle-provoker was Norman O. Nelson, drummer de luxe complete with valise.

Mel Thayer, who trotted doggedly along in the parade pulling the Ranchhouse entry, announced at the finish line that he had been in two parades that day.

"Two!" exclaimed a bystander. "Yes'm. My first and my last," sighed he.

If you don't believe the hand is quicker than the eye—just watch Henry Nuetzel getting four little Nuetzels on a merry-go-round while it's going.

Mrs. Charles Peterson turned time back to make an effective appearance in a 100 year old frock. But she can do that in a late model too.

**Complaint on Police file:**  
Same old rooster  
Same old place  
Same old time.

"That's carrying a good thing too far," observed a parade watcher as Hans Gutherz loped by with his wheelbarrow.

Miss Judy, demi-deb of the Lorne Pratt household has a reasonable suggestion to make when she answers the phone: "I'll call Mother. Just hold your voice."

Footnote—but too late to do any good: The unidentified driver of the Circle H. Hupfeld wagon was none other than the famous Red Ryder—kids' delight (and some parents', we might add).

Ryder, who stirs up the air waves weekly, guided the wagon which contained lucky localities Beverly Woods, Marcella Lange, Annabelle Elliott, Suzanne Schrader, Melanie and Francine Gregory, Bernice Kinzel.

## A Pox On Your House? Report It!

Cases of chicken pox, which are on a sharp rise in the County, must be reported to the Monrovia District Health Department at 211 West Colorado Blvd.

Dr. Roy O. Gilbert, County health officer, reports that to date there have been 8455 cases as against 5939 for the same period last year.

Whooping cough and diphtheria also have overstepped last year's bounds, but according to Dr. Gilbert, have not reached epidemic proportions.

## Scout Court Scheduled For Monday

The Court of Honor, Boy Scouts of America, will be held in the School auditorium Monday, June 9th, at 7:30 p. m.

This Court will be the last one before summer vacation and it is hoped a large audience will be in attendance. The public is cordially invited to be present.

The Ladies' Auxiliary of the American Legion will be hostess to the Scouts, Leaders and the public, at the conclusion of the ceremony.

## Youth Fund Slow; Response Lacking Five Youth Groups Suffer If Budgets Are Not Met

An alarming lack of response to what is considered one of Sierra Madre's greatest needs—its youth organizations—was reported today by Harry Lange, campaign director of the Youth Fund drive sponsored by the local Kiwanis Club.

"If Sierra Madre youth is to have a chance to develop a full program of healthy, democratic activities—then everyone must contribute," Mr. Lange said.

"Entire proceeds from our drive go to the support of Boy Scouts, Girl Scouts, Campfire Girls, Toy Loan and YMCA," he pointed out. "The Kiwanis Club conducts the campaign for the community and there are no overhead expenses to take away one cent from contributions.

"Your money goes directly into the 1947-48 budgets of the youth organizations as their sole support. If people fail to give—those groups cease to function and Sierra Madre's clean record of youthful activities will be wiped out.

"Consider these facts—give as much as you can."

In conjunction with the drive, William A. Kinney, Chairman of the Sierra Madre District Committee of Boy Scouts, issued a statement to the NEWS as follows:

"Scouting is reaching more boys with a more adequate program this year than ever before. Four troops are functioning, a Sea Scout ship recently has been launched, the Cub Pack is flourishing and Explorer Post 108 is winning wide recognition throughout Southern California.

"Today's youth soon becomes the adult citizenry of tomorrow, and when given such opportunities of character building programs as Sierra Madre offers, a future of good citizenship is assured.

"Such programs are the responsibility of every citizen of the community."

At present 150 workers have joined in the campaign and are canvassing the city. The drive will be continued until the \$2681 quota, equivalent of the budgets of the five youth groups, has been met.

## Sierra Madre Enters Rose Tournament

Indicating a great amount of interest and enthusiasm for the 1948 Tournament of Roses, twenty-seven entries including Sierra Madre have already signed for participation, it was announced by John S. Davidson, parade committee chairman.

Reports from a Parade Committee meeting last Friday morning indicated that one of the largest and finest parades in Tournament history is in the making. Committeemen reported that interest is running high in Southland communities and that probably between fifty-five and sixty floats will participate in next year's parade.

Thirteen of the twenty-seven entries represent communities located near and far who will enter floats depicting the theme "Our Golden West" on January 1. The remaining entries are civic, patriotic and business organizations.

## Open Meeting At Nursery School June 11th

Mrs. Marjorie Green, director of the Community Nursery School, has announced a second parents' meeting for Wednesday, June 11 at 3 p. m. in the Nursery rooms at the Congregational Church.

Mrs. Mollie Morgenroth, director of the Pacific Oaks Friends School, will be the speaker. The meeting is open to the public. Children will be cared for on the school playground.

## Tips for Trips

Here are some of the tips the Motor Vehicle Department head is passing out to vacation drivers:

Before you start, be sure your car is in good condition in every way.

Observe traffic laws. Accident or court fines are not only unpleasant but they cut deeply into vacation budgets.

Plan each day's drive so you will not become fatigued. Tired bodies and frayed nerves lead to many accidents.

Drive with care and enjoy the scenery.

## Club Backs Tax Talk June 25

A Town Meeting for discussion of present and future taxes as immediately applied to Sierra Madre residents is to be held June 25 at 7:30 p. m. in the school auditorium. The meeting is backed by the Woman's Club and speakers will include Mr. McCunn, Finance supervisor for the Pasadena school system, Elementary School Superintendent Charles A. Skutt, a representative of the City government and a speaker from the Woman's Club.

There is also to be a discussion of County tax rates and an account of the organizational efforts now being made by other groups of home-owners throughout the County to protest present rates.

Mrs. C. A. Vene, Woman's Club member who has been instrumental in arranging the protest meeting, yesterday pointed out that time is short between the June 25 meeting and the period set by the Board of Equalization for a protest on the 1947-48 taxes.

She urged that all residents attend the public meeting.

## Citizen Duties Stressed By Peterson at Service

With a plea for "aggressive citizenship", Dr. M. H. A. Peterson keynoted the Memorial Day services sponsored by Veterans of Foreign Wars and participated in by the American Legion Post.

Before a large crowd that remained despite lowering clouds, veterans marched down Sierra Madre Blvd., bearing the colors to the cemetery where great bouquets of blossoms lay on the graves.

V. F. W. Commander Henry Nuetzel gave an opening address and Legion Commander, Jack S. Shearer read the list of Sierra Madre's loss in the country's wars.

Dr. Peterson, Army Transport Surgeon during the war and veteran of much overseas duty, was principal speaker, urging that the memorial for our dead and wounded be preservation of the way of life for which they fought.

"These are the things that we can do," he pointed out, "take an active interest in the men who represent us in our legislative halls—vote at election times after careful consideration of the issues involved—take an interest in our local government."

## TRADITIONAL MEMORIAL DAY SERVICE

SIERRA MADRE PAID TRIBUTE to its war dead in solemn services held at the cemetery by the Veterans of Foreign Wars and the American Legion. Color bearers, buglers and veterans marched in the traditional parade. Pictured at the service, left to right: E. W. Ellers, Ellett Jackson, Dr. M. H. A. Peterson, speaker; Ralph Burns, Bud Holland, and Stanton Irvine, bugler.

## LIONS ROAR

Thanks to everyone for contributing to the success of Sierra Madre's first Pioneer and Homecoming Days.

## Rose Devotee To Speak Monday At Garden Club

The June Garden Club dinner meeting will be next Monday evening, June 9th, 6:30 at the Masonic Temple. John H. Van Barneveldt, president of the California Rose Association will be the speaker. He will discuss culture of roses. Jacques Hahn will give valuable suggestions on your garden for June.

## "Pioneer Days" Now Thing Of Past But Joy Forever!

Were you there? Then turn the page—or bear with us while we leaf back through recollections of the first Pioneer and Homecoming Days ever to be celebrated in Sierra Madre.

The ball that was started rolling by the Lions Club sponsors got a hearty push from participating organizations—achieving such momentum that it scored a bull's-eye on sunny Saturday when the whole town turned out for the brilliant and hilarious parade.

The three-day event began with well-attended and dramatic Memorial Day services conducted by Veterans of Foreign Wars. Despite a Scotch mist that wreathed the mountains and even a perceptible precipitation, the carnival opened and the kids went round and round and their parents after.

But Saturday dawned fair and the Lions went jubilantly to their breakfast for 300 persons honoring next Lions International president, Fred W. Smith.

By 10:30 there were more than 5000 Sierra Madreans and visitors lining the route of the parade which was directed by Lorne Pratt to whom all Sierra Madre doffs the hat in recognition of splendid success.

Between gallant horsemen, beautiful girls, funny floats and assorted firemen the long line of people massed along the sidewalks was kept alternately ohing and ahing and laughing right out loud.

Parade prizes, as announced by the Lions judges, were awarded as follows:

Sweepstakes, Sierra Madre Volunteer Fire Department; Organization, Civic Club, Studio of Dramatic Arts and Woman's Auxiliary of the American Legion; Commercial, Ranch House, Tiny's and the Sierra Madre News.

Prizes for horsemen: Western, Ben Mobley; Palomino, Ed Hupfeld; Junior, Billy Dane.

Riding Groups prize went to Johnson stables, Pony group, De Groot; Single Pony, Barbara Estes.

Band award went to the Rangers Band.

## Retirement Plan Election July 15 Would Add 24 Cent Tax Per \$100 Assessed Valuation

Following unanimous approval by 25 City employees of a measure joining them with the California State Employees Retirement Plan, the City Council Monday ordered a special municipal election to be called July 15 to put the proposition before the electorate for decision.

## Robertson Is New Acting Postmaster

Eddie D. Robertson, present City Clerk, has been appointed Acting Postmaster of Sierra Madre beginning July 1, the date when the resignation of Acting Postmaster Thomas Durning becomes effective.

Mr. Robertson passed Civil Service examinations last July and was placed at the top of the list for permanent Postmaster of the city. His name is before the Senate at this time for confirmation of the permanent post, Mr. Robertson said.

A resident here for 23 years, the new Federal official was appointed City Clerk in February, 1945, to fill the vacancy created by the resignation of Waverly Pratt.

In April, 1946, he was elected to fill the unexpired term which runs until 1948.

Prior to that, Mr. Robertson was associated with the E. L. Doheny and General Petroleum oil industries as an accountant. He is president of the Municipal Finance Officers Association of Southern California.

When the resignation of Acting Postmaster Durning becomes effective, he and Mrs. Durning plan to leave Sierra Madre for Atascadero, California.

## Pagenkopf Funeral Today

Last rites will be held at Grant Chapel Thursday afternoon at 2 o'clock for the late Fredrick Theodore Pagenkopf, who passed away at Huntington Memorial Hospital June 2nd following a brief illness and operation.

Mr. Pagenkopf was born in Hollywood 28 years ago and spent most of his life in Sierra Madre. Since the war he, with his wife, the former Ruth Adams, have resided at 52 West Laurel, with their small son, Fredrick Gary Pagenkopf. Beside the immediate family surviving are his mother, Mrs. Dorothy Pagenkopf of this city and grandparents, Mr. and Mrs. Theodore Coch of East Laurel.

Rev. R. H. Zurbuchen of Emmanuel Methodist Church will officiate at the service Thursday at the Chapel and at Mountain View Cemetery. The deceased was a veteran of World War II.

Costs of the retirement plan which would give full credit for prior service rendered by City employees, were revealed as follows:

Based on the present number of employees, annual cost to employees would be \$5134.20. Annual cost to City, including amortization costs on a 25 year basis, \$9675.55.

At the end of the 25 year amortization period, the annual cost to the City would be \$5429.67.

The estimated annual special tax necessary for meeting the City's obligation was put at 24 cents on each \$100 of assessed valuation.

The City Council consolidated 10 voting precincts into five for the July election.

At Monday's adjourned meeting, the Council also ordered specifications drawn to advertise bids for painting the Council chambers and the Clerk's office.

City Attorney Thomas A. Reynolds was instructed to prepare a resolution protesting State Assembly Bill 805 which, according to Water Superintendent Joe Swanson, seeks to put control of all city water services in State hands. Swanson termed the bill "vicious".

On recommendation of Police Chief Gordon McMillan, a railing was ordered installed at the exit from the Canyon swimming pool bathhouse.

## VOTE TOMORROW AT SCHOOL

Polls will be open at the Sierra Madre School tomorrow from 7 a. m. until 7 p. m. for election of two members of the Pasadena Board of Education which has jurisdiction over Sierra Madre's secondary schooling.

The seven candidates in the hotly-contested race are:

Max Turner, incumbent president of the Board, up for re-election.

L. Winchester Jones, Caltech registrar and professor.

Dudley Atkins, Jr., civil engineer.

Dr. J. H. McKellar, physician and surgeon.

Harriet B. Stirling, retired teacher.

Milton Wopschall, business man.

Henry Kearns, business man.

Since Sierra Madre is closely involved in the Pasadena school system, local civic and service organizations urge that a large vote be turned out for the election.

## PCC Exams To Be Held Saturday

Entrance Examinations, required of all 13-1 students desiring admission to Pasadena City College, will be held Saturday, June 7, at 8 a. m. at the College.

Students are instructed to report to Saxon Auditorium on time for the three-hour exam. Late comers will not be admitted. No materials for the test are needed and there is no fee.

## MAGICIAN WORKS LEVITATION ACT

AMERICAN AIRLINES STEWARDESS Irene Fredericks stands by in amazement as Helen Gwynne, magician's helper, and her father-in-law, Magician Jack Gwynne, go through their routine of performing the East Indian levitation act. For the delectation of the passengers debarking at the American Airlines airport in Chicago, Gwynne gave the mystic demonstration. Some people regard the "stunt" as a demonstration of subjective illusion.

## Rev. Smith Discloses Church Plans

At the beginning of his second year as pastor of the Sierra Madre Congregational Church, Rev. Carl Smith announces that the goal of the church for the coming year is, "A Church for the Whole Family."

Plans are being formulated for a service of family worship each Sunday followed by a Church School for all ages. The curriculum of the school will include the use of visual and audio aids in the teaching process. The whole family will study the same general theme and thus will be made possible a closer and more intelligent co-operation of the church with the home in the work of religious instruction.

The subject of family worship and study for this Fall season will be, "What is in the Bible." This will supplement and follow the theme of the Daily Vacation Church School which is, "Our Father's Book." There will also be week-time family activities to include a parent-teacher's group of the Church School along with graded work for the children during the evening activities of the adults. The aim is to contribute to the unity and strength of the family group as a religious center, Rev. Smith stated.

After one year in the community, the pastor expressed thanks to the community for a warm welcome and helpful spirit of co-operation. "There is urgent work that we can do united; we can little afford to be divided in our efforts to build a better community and world," he said.

## BALLING BABY TALK

By Maxine Balling

Two jet plane gas tanks fell right in Pasadena's business district Monday—without hitting a soul. Maybe that could happen in a little place like Pasadena—but not in a big busy place like Monrovia—especially the 400 block on Myrtle Avenue. That's because the stores here always are getting in so many new and interesting things and our streets are always crowded. For instance—new and interesting things at the BALLING BABY SHOP:

**PINAFORES.** What is sweeter than a little girl in a crisp pinafore! On these new ones the pina is white eyelet batiste, and the fore is beautiful Dan River gingham, yellow and green plaid, or pink and blue plaid. Sizes for girls 7 to 14, \$3.95.

**PETTICOAT BLOUSES—**Ann Marilyn originals, styled and made in California—arrived this week—and these are beautifully made, with Peter Pan collar and ruffled skirt. If you have a little girl and never have had petticoat blouses for her—tsk! tsk! They're so nice to wear under a pinafore, or with a skirt. No slip is necessary, and no shirt tail to come out. They DO come out, you know. These are \$3.50, in sizes 3 to 6.

**DOES YOUR HUSBAND** have a sport shirt made of that real mannish, coarse weave home-spun cloth that lets in enough sun for a tan but not enough for a burn? Well, we don't have any for your husband but we have the same thing for little boys that wear sizes 3 to 8. They're Sanforized, too. \$1.95. Incidentally, it is very noticeable that new merchandise is being made better, and better materials are being used. At the same time, our policy at the Balling Baby Shop is to get good things at LOWER PRICES for our customers, for it takes a lot of money to keep growing kids in clothes. (I KNOW). This adds up to the fact that you can get much better values now than you could a year ago. These sport shirts are a good example.

ALSO received some Roman sandals—high ankles with three straps and buckles, \$3.25—and "Scuffie" sandals sizes 3 to 8, recommended by pediatricians for growing children, \$2.25—and lots of other things at the Balling Baby Shop, which we hinted in the first paragraph is located in the 400 block on South Myrtle Avenue, in Monrovia.

## FIRE FLAMES

What is FIRE, hmmm? Well to produce fire there must be three factors present at the same time. Fuel, air and heat. If any one of these is removed, there can not be a fire. Air is always present and cannot be eliminated by any practical means. Fuel, in vapor form, must not be liberated in the presence of heat. Heat must not be allowed in the areas where the presence of vapors is known or suspected. In other words, do not allow a lighted match to get in contact with escaping vapor from cleaning fluids, gasoline and so on.

When a spark from an incinerator or similar equipment escapes, there is no telling just where or into what it may drop. Dry weeds on a day of low humidity are nearly as susceptible to heat as gasoline vapors or natural gas. Let's keep the three factors apart until we need them for our own use.

Air can be removed by SMOTHERING. Cover burning containers with lids, blankets or other means. Good fire extinguishers containing CO<sub>2</sub> or foam to eliminate air, or carbon tetrachloride can be used.

Heat is removed by quenching. Use water from hose, soda acid extinguishers, or as water fog.

Fuel may be removed by shutting valves, plugging lines, etc. If we remove fuel before heat reaches it, we are practicing one of the first principles of fire prevention. That fuel collected around the incinerator is only waiting for the chance to take off at a time when we are least expecting it. It may occur at night.

I feel quite proud to claim credit for the firemen in helping to make the Saturday Parade a success. Our boys are not only comedians, but trailing the parade were some of our finest, who came along in a quite dignified manner. It affords us an opportunity to display to our public just what fine equipment and fine looking men we have. One of our principal actors was also the winner of the beard contest. When last seen, his beard was only partly there after having visited the Queen of the Carnival.

The spirit that is so often boasted of in this column was displayed by the men of the Monrovia Fire Department when they came to Sierra Madre and took part in our never to be forgotten parade. A fireman is a fireman wherever he may be. The public enjoyed the fun and much favorable comment was heard about Monrovia's entry.

July Fourth is nearing. This brings before the meetin' the forthcoming annual picnic. Plans are that it will again be held at "McDonald's Farm" on North Grove Street, "Mac" and "Eadie" are keeping the farm clear for the great event. Financed by the produce of the meetin's Cuss Can, this annual occurrence is anxiously looked forward to as another occasion for hilarity and clean fun. The necessity of keeping the firemen within call is the reason for the origin of this affair. Dangers of Fourth of July celebrations were the main object in keeping the men at home.

It is sincerely hoped by all firemen that soon the entire elimination of dangerous fireworks will come to pass. It is old fashioned to think that we must have fires, and tragedy. As more and more cities and towns decide to prohibit the use of fireworks, less and less accidents and fatalities appear in the headlines. Let's think of a good substitute. Don't be slow to progress. If we must have fireworks, let's put the responsibility on experts and we won't have to worry about fires and injured children. That is certainly another way to keep the FIRES OUT.

The protest meeting will be held on the fifth floor of the Hall of Records before the Board of Supervisors.

The Association pointed out that this is the only public hearing to be scheduled on 1947-48 county spending, and urged every taxpayer to be present to support demands for economy.

Entered as Second Class Matter at the Post Office at Sierra Madre, California, under the Act of March 3, 1897. Official paper of the City of Sierra Madre. Accepted as a newspaper of general circulation for the publication of legal notices as defined by Section 4460 of the Political Code of California.

Subscriptions: \$2.50 a Year, Payable in Advance.

"Lived here forty years and this is the first time Sierra Madre ever did anything for me!" exclaimed an elderly lady happily as she bobbed up and down in the crowd to catch a better view of the Pioneer Days parade.

That was a statement of warm praise and was repeated in various guises all through the streets during our three day festival.

But it was erroneous!

Nobody did anything for you, madame.

You did it. All five thousand of you who turned out, rigged up costumes, authentic or humorous, bowing and smiling to old acquaintances and newcomers and spreading an infectious friendliness through the town. No amount of planning, hoisting of tents or barking of carnival men could have guaranteed success of the Pioneer project if the townspeople had not come through like Saturday's sunshine to fill the streets and crowd the sidewalks with neighborliness.

This first attempt at a community-participation event proved something almost too nebulous to put into words—that it's easier to smile than grumble (and more becoming), that the fellow next to you is not so bad, that a small town can have a big heart, and that the world (barring international difficulties) is a pretty good place after all.

RECORD QUOTA OF \$29,000 is sought by Sierra Madre-San Gabriel Valley division of Los Angeles United Jewish Welfare Fund campaign for \$9,500,000. Division held its major fund-raising dinner Tuesday evening, June 3, at Eaton's Santa Anita Restaurant, 1130 W. Colorado Avenue, Arcadia. Division leaders are, left to right (front) S. H. Rips, Chairman Joe S. Weber, Jack Slater and (rear) Leonard Kustner, Ralph Hurwit of Sierra Madre and Perry Bertram.

Dr. J. H. McKellar, Pasadena physician who is seeking election to the Board of Education in tomorrow's polling, urges the average citizen to take interest in school elections.  
"The Pasadena School District includes Sierra Madre, La Canada, Altadena and Temple City," he said. "There are thirty schools with a physical property valuation of 15 million dollars. It is a curious commentary that the average citizen should take so little interest in the way his money is spent."

## For Late Garden These Seeds Flower in Forty Days

If June comes with no flower seeds sown, there is still time to have flowers in your garden. Suppose you demanded a combination of flowers which would germinate in five days (in warm weather) and flower in thirty to forty. Here are some you might get:

Zinnias, ageratum, alyssum, candytuft, centaureas, clarkia, cynoglossum, annual sunflowers, morning glories, annual pinks, lepto-syne, linaria, marigolds, poppies. Such a list might be very much enlarged by including varieties which will germinate in a week or ten days. But it would be interesting to see what sort of garden could be made of just a few flower families, seeking interest by using different colors and types.

Take zinnias for example—they could hardly be omitted from a garden of annuals. There are the small-flowered singles, the small double, the intermediate or "pumilla" type and the giant flowered varieties. They give an abundance of pink, red, orange and yellow varieties with a few lavenders. A whole border might be planted mostly to zinnias, provided one used enough ageratum, centaureas and

Zinnias are among the fastest growers in hot weather.

cynoglossum to introduce the needed blue tones.

There is no reason to confine your sowing to the quickest germinating subjects. All annuals can be sown at this time and will bear flowers by mid-July. They grow much faster in warm weather and their flowers are finest in the last half of the season, usually improving until frost arrives.

## Red Cross Report On Texas City

In response to inquiries on Red Cross participation in the recent Texas City Disaster, R. C. Lewis, chairman of the Sierra Madre Chapter, has outlined emergency aid given the blast victims and its obligations to them in rehabilitation. Mr. Lewis added that the Red Cross is meeting the rehabilitation needs.

The Chapter Chairman said he has been informed by Ramon S. Eaton, Pacific Area Manager of the National Red Cross that the activity in Texas City is now well into the survey stage to determine the needs of each victim. Eaton reported that immediate emergency assistance extended to approximately \$250,000. The Area Manager added that Red Cross expenditures for rehabilitation probably will be much greater than the emergency costs.

### SMOG SURVEY

Studies as to the construction and operation of public incinerators were ordered by the Board of Supervisors Tuesday on motion of Supervisor William A. Smith in another step toward eliminating the "smog" nuisance in Los Angeles County.

### INFANTRY REUNION

The first postwar reunion and dance for present and former members of the 40th Infantry Division, California National Guard, will be held June 7, at the Armory in Exposition Park. Major General Harcourt Hervey, division commander, said today.

## Sierra Madre Jewish Fund Drive Begins

Dr. Manfred Arle, former Austrian Supreme Court Justice, was the chief speaker when the Sierra Madre-San Gabriel Valley division of Los Angeles' \$8500,000 United Jewish Welfare Fund drive held its major fund-raising dinner at Eaton's Santa Anita restaurant on Tuesday.

He pointed out that only a concerted effort on the part of all Americans can help restore the suffering victims of Nazi terror to a position of dignity and self reliance in the world community.

## HISTORICAL QUESTION BOX

Dr. Pritchard  
and  
C. W. Jones

Question No. 19. What were the first hotels in Sierra Madre?

In 1886 N. C. Carter built the first hotel, known as the Ocean View House, which was located on the north east corner of Auburn and Palm (Mira Monte) Ave. and still stands there, with some modifications in its structure.

Soon after its construction, the first school located on Hermosa and Live Oak (Orange Grove), was abandoned and moved to the site of the Ocean View House and attached to it as a kitchen, according to William E. Deutsch.

Another old landmark, still standing at 30 North Baldwin Ave. was the second hotel, erected by a group of men and sold to Miss Frances Hawks who ran it as a Tourist Hotel for a few years. This was later sold and became known as Hotel Shirley until about 1920 when Mr. and Mrs. Frank W. Smith came from Seattle and bought it, changing the name to Hotel Rainier. (they would, coming from Seattle).

Mr. and Mrs. Smith were directly, and by lease connected with the hotel for several years, eventually selling to Mrs. Hammond and after her death, about 1933, or 1934, the property was acquired by Dr. George W. Groth who operated it as an apartment and rooming house.

In the late eighties, possibly 1887, the rather ornate Sierra Madre Hotel was built on North Lima at Laurel.

A Mr. Boardman operated it as a high class hostelry catering to tourists and gay weekend parties from Los Angeles, which came out to the country in tallies, enjoying dances, tennis, musicals and mountain climbing.

About the beginning of the 20th century Mrs. Caroline Collier purchased the hotel and operated it several years. The hotel was used as the center of a movie scene of quite some renown.

About the time of the height of the hotel's popularity there were constructed several large residences in what became known as El Reposo, in the extreme north west section of Sierra Madre, one of which was designated Alta Mont House.

The Hotel later became a sanitarium passing through a number of ownerships and eventually purchased by "Prince Windsor" a quasi-contender for the British Crown who ran it as sort of Catholicism.

All buildings were razed after the property was purchased by the order of Passionist Fathers who built the magnificent Monastery, known as the "Monte Oliva" which overlooks the entire San Gabriel Valley.

Minor hotels were the Bartlett House, northwest corner of Grove and Highland, Crisp building (now destroyed) at south east corner of Lima and Central. Two high class boarding houses were popular throughout their many years' operation. One run by

## State C. of C. Reports On Our Economy

Price declines for more farm products, smaller increases than expected in manufacturing activity and a drop in the number of residential building permits are highlights of the current California situation, according to the report on economic conditions made by James E. Shelton, first vice president of the California State Chamber of Commerce, to that organization's directors.

Estimated unemployment was 420,000 in April, a drop of 10,000 from March, and 35,000 less than in April 1946, although the labor force is 92,000 larger than a year ago. Unemployment compensation claims indicate heavier concentrations of unemployment in some localities. Los Angeles county with 38.3 percent of the state's population has 42 per cent of the veterans' claims," Shelton stated.

A box of dignified stationery with his name and address will make a perfect Father's Day gift. Leave your order at the News Office.

The Sierra Madre Hotel at 26 W. Sierra Madre Blvd., was built in the twenties.

## ATTENTION VETERANS

More than 3000 World War II veterans in this area mail their G. I. Insurance premium payments to the wrong address, thereby causing acknowledgment delays to the veterans and a considerable amount of extra

work for the local Veterans Administration office.

All veterans with NSLI policies have been instructed through the mail and the press to mail premiums to the Veterans Administration, Collection Unit, 180 New Montgomery Street, San Francisco.

"PICK-UPS" WILL "PEP-UP" USUAL DISHES

A "pick-up" is anything that, literally, "picks up" a dish and carries it up to the heights of the extraordinary. That dash of paprika atop the pale food; the drop of the vanilla in the whipped cream; the snip of chives on the potatoes—these are pick-ups for provender. Notice how a little grapefruit juice picks up the flat French dressing; how a sprinkling of nutmeats adds the ice cream; how banana slices improve peanut butter sandwiches, or dates glamorize that dish of bran.

Pick-ups, whether beverage or ingredients, should have two characteristics: they should be decided in flavor and distinctive in color. If an ingredient, they should offer contrast to the food they accompany.

## BILLIONS OF CRICKETS INVADE OREGON!

**MORMON CRICKETS ARE ON THE MARCH!** Farmers of north central Oregon are battling desperately to save their wheatfields from the devouring horde hailing from Utah. Pictured is this side of a barn on the 5000-acre Tucker ranch near Echo, Ore. The crickets infest every stalk of rich wheat and consume the grains in stampede time. The ravaging wingless insects are being subjected, as depicted above, to a rain of poison dust bombs invented by a Yakima, Wash., man. The foraging invaders are roughly a mile wide and six miles deep.

PRIMA DONNA DISHES

"Prima donna dishes" are those very delectable, even elegant dishes that are superb when they come out right and make you unhappy if they don't. They are those temperamental ladies of the cook book who will perform beautifully for some, and refuse to behave at all for the next. However, with a reliable range and recipe, and exactness in following directions, "luck" and "fate" are ruled out of the picture, and success can be yours every time.

**MERINGUE SHELLS**  
4 egg whites  
1/2 tsp. cream of tartar  
1/4 tsp. salt  
1 C. sugar  
1/4 tsp. vanilla  
1/4 tsp. almond flavoring (optional)  
Allow egg whites to warm to room temperature. Beat until frothy. Sprinkle cream of tartar and salt over them and continue beating until stiff, but not dry. Reserve 2 Tbsp. sugar and add remaining sugar, 2 tablespoons at a time, beating between additions to incorporate well; add flavorings just before adding reserve sugar. Line a cookie sheet with heavy, unglazed paper. With a spoon or pastry bag, shape the mixture into eight mounds with a depression in the center of each. Bake in a very slow oven, 250° F., for 45 minutes to 1 hour, until only lightly browned, but very dry. Loosen meringue shells from paper while still warm and allow them to remain in the oven, with door open, until cool. To serve, fill center with vanilla ice cream, and top with sweetened strawberries.

**CREAM PUFFS**  
1/2 C. shortening  
1 C. boiling water  
1/2 tsp. salt  
1 C. all-purpose flour  
4 eggs, unbeaten  
Melt shortening in water; add salt; stir sifted flour into steadily boiling water. Cook and stir constantly until mixture leaves sides of pan in smooth, compact mass. Turn into mixing bowl. Beat in one egg at a time, very thoroughly. Then beat steadily until mixture looks satiny and breaks off when spoon is raised. Shape on ungreased baking sheet. Bake in a hot oven (450° F.) for 20 minutes, reduce temperature to moderate (350° F.) and bake 30-40 minutes longer. Fill as desired.

GRAND OPENING TODAY—Thursday, June 5

A year to a day after construction started, Jack's Food Town opens today with a three day celebration, including lights, banners, music by Tex Williams and his Columbia Recording Band and a clown, with free ice cream and balloons for the younger set, it was announced by Jack and Garland Biffle, proprietors.

It is one of the largest markets in the Los Angeles area, boasting one of the largest single unsupported roof spans in the United States. Two acre paved parking lot. Located on Colorado at San Gabriel.

## Average Man, Even As You Or I, Is Highway Killer

Clearly debunking the popular theory that the majority of traffic fatalities are caused by drunken drivers, malicious violators, and thrill-seeking "hot-rod" operators, the Public Safety Department of the Automobile Club of Southern California today identified the motorist who most resembles the typical California "highway killer." Do you recognize him?

He is 36 years old, married, and the father of two school children. His occupation is non-professional, possibly a shipping clerk or a warehouseman, and he is most menacing between the hours of five and seven in the evening when he is on his way home from work.

He drives a 1939 medium-priced passenger car, in good condition because of repeated repairs. Often emotionally upset while driving due to quarrel

or financial worries, he claims his victims in business zones while he is driving no faster than 25 miles an hour.

He kills a pedestrian because he violates a right of way regulation at a boulevard stop or an intersection, a fault he has committed dozens of times without mishap. This is his first accident of any consequence. He is not completely protected by insurance coverage.

This typical "killer" has had a high school education, main-

## New Slate Of Officers In Girl Scout Association

The new slate of officers of the Sierra Madre Girl Scout Association was nominated, elected and installed Monday evening at a meeting following a supper at the Youth Hut on Sierra Madre Boulevard.

New officers are Mrs. Philip W. Woodworth, president; Mrs. Walter Nollac, vice president; Mrs. S. E. Peterson, treasurer and Mrs. Steve O'Donnell, secretary.

Members of the Board of Directors are Mrs. Dan Strite, Organization; Mrs. Charles A. Skutt, Program; Mrs. Robert Crowell, Camping; Mrs. William Marmion, Community Service; Mrs. Ralph Valencia, Registrar; Mrs. Jean Vien, Leaders Representative; Mrs. Milton L. Goldberg, Training Chairman; Mrs. Peter Kreuscher, Uniforms; and three members at large: Mrs. Ruth Rogers, Mrs. Harry Morley and Mrs. Marjorie Barter.

Mrs. Sam Haskins was appointed delegate to the National Convention to be held in Long Beach next fall, with Mrs. Lorraine Andrews as alternate.

Over 40 members of the organization were present at the dinner meeting of which Mrs. Skutt was chairman. School

tains a modest savings account, and is a resident of the city in which the accident occurs. He does not drink to excess and one beer is his limit when driving chores he ahead. His friends consider him courteous, non-malicious and a good, patriotic citizen.

The Automobile Club of Southern California contends that this description, with slight variations, might easily point to a next-door neighbor, a fellow worker, or a family member of practically everyone in California.

## 'ROUND THE TOWN

◆ Mr. and Mrs. Stanton E. Irvine are the proud parents of a son, Lawrence James, born May 28 at the Huntington Memorial Hospital. WHAT A DIFFERENCE THE COLOR MAKES—Eileen of Chicago Fashion Industries is showing these twin pairs of slippers which have been named "Saint" and "Sinner." In white, they are worthy of the loveliest bride. In black, the lace decorated mules satisfy the most sophisticated. Angelyn Orr of NBC's Betty Crocker cast models both pair of slippers.

In 1897, forty miles an hour on the rattler pictured below, was fast travelin'. No streamlined Diesels. No radios—no such words as "movie" and "aviator." No tractors, no chain stores—no hair bobs or permanent waves—no cafeterias, no crossword puzzles, parcel post, boy scouts, traffic cops or one-piece bathing suits. Folks were singing "East Side, West Side"—and good old Eastside beer was easing the parch of thousands of thirsty throats—fifty years ago.

### WHAT TO SERVE

June is the month of Brides and arranging parties for the "Free - marital festivities." This presents the problem of what to serve. Having trouble thinking of an attractive salad? A frozen desert? Or is it the punch that presents the problem?

For a cooling suggestion in salads, try peeling a whole cantaloupe, cutting off one end, removing the seeds, then filling with your favorite diced fruit in gelatin mixture. When chilled 'til firm, slice and place on a bed of crisp watercress. Garnish with whipped cream or cream cheese from your pastry tube by outlining the center circle.

The following recipes are suggestions which may provide the "something different" for your culinary arts.

### FROZEN APRICOT CAKE

(6 to 8 servings)

- 1 C. dried apricots
- 2 1/2 C. water
- 1/4 C. sugar
- 1 tsp. gelatin
- 1 Tbsp. cold water
- 1 sponge cake
- 1 egg, well beaten
- 1/4 C. sugar
- 1 tsp. vanilla
- 1/2 C. cream, whipped

Cook apricots slowly in water until very soft. Add sugar; bring to boiling point. Remove from flame; force through sieve. Soften gelatin in cold water; dissolve in hot apricots. Chill. Arrange layer of cake in bottom of tray which has been lined with waxed paper. Over the cake pour the apricot mixture. Beat egg; add sugar and flavoring; fold in whipped cream. Spread on top of apricots. Freeze about 1 hour. Remove from tray. Cut in squares; serve cream side up.

### FRUIT PUNCH

(50 portions—1/2 cup per serving)

- 2 C. water
- 2 C. sugar
- 1 C. strong tea infusion
- 1 qt. gingerale or lime beverage

- 2 C. grape juice
- 1 C. lemon juice
- 2 C. orange juice
- 2 C. pineapple juice
- 2 qts. ice water

Boil sugar and water five minutes. Cool, add rest of the ingredients. Chill. Pour over block of ice and serve. Makes 1 1/2 gallons.
